To Whom It May Concern:

I am writing this letter as reference for Eeta Sachon, of Interiors by Eeta .

Eeta has been working with me throughout this year on the interior design of my 5,000 square foot home I recently purchased in Cape Neddick, Maine. She has proven to be imaginative, thorough and conscientious about sticking to the budget throughout the project. Her ideas have been fresh and she has listened consistently to my ideas and worked on blending them successfully into what has become a truly beautiful home.

I have known Eeta both on a professional and personal level and can highly recommend her for any job she may be considered for.

Sincerely,

Jonathan King  
President
